

# HERE ARE SOME GREAT ACTIVITIES FOR YOU TO DO AROUND SEA MILLS TRAIN STATION

Do either have teeth?

what are the differences between a frog & a toad?

Do you know the differences between the common frog and toad? Try answering these questions. Do you know any other differences?

- Which one has longer legs?
- Which one has webbed feet?
- Which one has bobbly skin?
- Which one likes to crawl and which one likes to hop?

## Play frisbee

THE RULES: You can't run with the frisbee or drop it!

Name some plants

Can you find these 2 plants at the Nature Reserve? Why do you think they have these names? Try and invent some other creative names for plants that you see.

Try catching the frisbee in funny and unusual ways.

- run / skip / hop to catch it. Or play ULTIMATE FRISBEE by splitting into teams and setting up 2 goals.

## MAKE & NATURAL ROMAN MOSAIC

Using natural objects that you can find in Old Sneed Park Nature Reserve like leaves, stones and sticks, make a natural mosaic or sculpture. Perhaps you could make a mural on the floor inspired by roman art, or you could make a secret message to be discovered!

## have a game of Poshsticks

Drop a twig in the river from the bridge. Do bigger or smaller sticks go quicker? What about thicker ones? Are light sticks quicker than heavy ones? Race a friend's twig!

for inspiration look up the artist ANDY GOLDSWORTHY
